PROFESSIONAL SUMMARY

Agricultural Economics student building a career in **Media Buying and Performance Marketing**, with strong practical experience in sales, customer behavior, and team supervision. Completed specialized training in Media Buying, Growth Marketing, Marketing, Digital Marketing, and Pricing, with initial hands-on exposure to paid advertising. Generated **EGP 100,000 in personal sales within two months** and earned promotion to Sales Supervisor within three months in a high-volume fragrance retail environment. Seeking a Media Buying Internship to gain practical experience with real campaigns, strengthen performance analysis skills, and develop a broader marketing mindset.

EDUCATION

Menoufia University — Faculty of Agriculture

B.Sc. in Agricultural Economics | 2024 – 2029 | Expected Graduation: 2029

PROFESSIONAL EXPERIENCE

Sulaf — Sales Associate → Sales Supervisor

Menoufia, Egypt | Feb 2026 – Sep 2026

- Generated approximately **EGP 100,000 in personal sales within the first two months**, with an average order value of **EGP 1,500–2,000**.
- Joined during the brand launch, contributing to store setup, product arrangement, inventory organization, and familiarization with a portfolio of **1,000+ SKUs**.
- Handled up to **four customers simultaneously** in a high-traffic environment while adapting sales approaches to different preferences, budgets, personalities, and nationalities.
- Developed practical skills in **customer psychology, needs identification, objection handling, negotiation, and closing**.
- Learned and implemented the **Nile** sales and inventory management system within the first month.
- Promoted to **Sales Supervisor within three months**, supporting the sales team and resolving product and customer-related inquiries.
- Selected to support North Coast branch openings, overseeing product placement, inventory counting, store preparation, and training new sales staff.

Cooktiel — Store Opening & Sales Associate

Menoufia, Egypt | 2025 – 2026

- Contributed to the store opening from initial setup and product arrangement through inventory preparation and system implementation.
- Participated in product selection and organization and learned the store's management system and operational processes.
- Developed practical experience in **customer communication, needs identification, objection handling, negotiation, and closing**.
- Adapted sales approaches to different customer behaviors, preferences, and purchasing motivations.

Khan El Khalily — Laser Production Line Operator → Production Line Supervisor

Tanta, Egypt | 2023 – 2025

- Operated laser cutting machinery for one year, gaining hands-on experience in production processes, machine operation, and quality control.
- Promoted to **Production Line Supervisor**, overseeing a team of **5 employees** and coordinating daily production workflow.
- Supported production of approximately **100,000 sheets across different final product types over three months** while maintaining accurate order fulfillment.
- Supervised final assembly and finishing operations and coordinated product transfer to the warehouse for distribution.
